A word From The CEO

Mr. Mohamed Radwan

Here at New Towers we tend to strive for excellence; we have been pursuing to become one of the leaders in the Egyptian real-estate market. Successfully we have become one of the most trustworthy brokerage organization in Egypt.

We believe that the sky is the limit, there's no boundaries for what we hope to achieve in the future. It is within our believe that with the absence of our clients' trust, New Towers' daily market growth wouldn't have existed.

Our customers matter to us, which is why we take pride in putting their concerns, time, and trust as a priority above anything else. We gladly share both our success together, hand-in-hand building more than just a home for them.
